INCREASE YOUR POOL FUN WITH RHINO RIGID SOLAR POOL HEATING

Install a Rhino Rigid Solar Pool Heating System and enjoy swimming for longer!

Create the outdoor lifestyle you have always dreamed of with a Rhino Rigid Solar Pool Heating System. Built for Australia's tough conditions, Rhino Rigid Solar Panels are the most tough and durable way to heat your pool.

The Rhino Rigid's highly efficient solar collectors can increase the water temperature by more than 10°C, allowing you to enjoy up to six months of pool parties, relaxed swims and happy kids.

Get the most out of your pool with a Rhino Rigid Solar Pool Heating System from Boss Pool Heating.

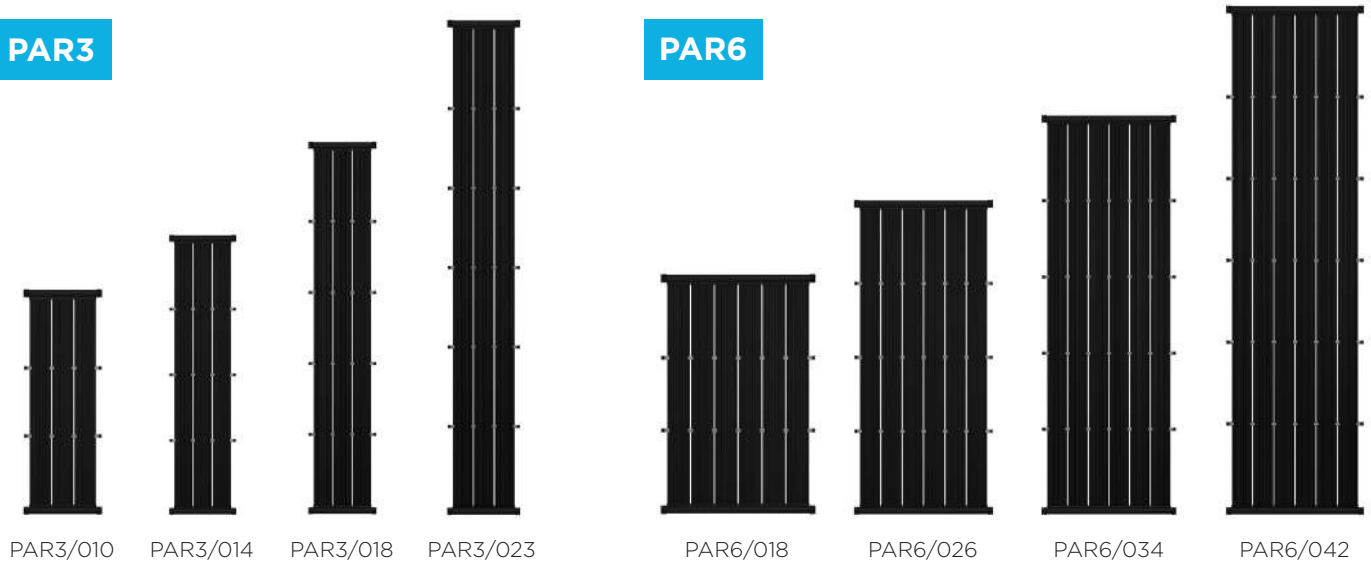

DESIGNED & MANUFACTURED IN MULGRAVE, VICTORIA

Proudly Produced by Boss Pool Heating, Rhino is designed and manufactured for the harsh Australian climate.
